## TERM 4, WEEK 8, 25th November 2015

## PRINCIPALS MESSAGE

There has been great excitement this week with the arrival of a special visitor to our school. Clive is one of Santa's elves who is visiting our school to let Santa know who has been naughty and who has been nice. So far he has been happy with all the nice children in our school. Each day when the children come to school they have to find Clive because he is in a different spot every day.

Next year I will be taking 3 terms long service leave. I am delighted to report that Mrs Peta Deiderick will be relieving principal in my absence. Peta is a very experienced teacher and has been an Assistant Principal at both Uralla Central School and Drummond Memorial. She has also been in relieving principal positions at various times. Peta will be attending the Presentation Night.

Please don't forget the P&C meeting tonight which starts at 5:00 pm.

This Sunday is the working bee at school commencing at 8:00 am. Jobs to be done include cementing to build a retaining wall, pruning, painting, mulching and general tidying up. You need to bring shovels, gloves, secateurs, hat and plenty of muscle.

## DONATIONS PLEASE

The P&C are currently asking if each family could donate some lollies for our Presentation Night festivities.

K Mart has some good specials.

Donations can be left at the school and  
need to be in by  
Friday 27th November.

## LOOK WHAT'S BEEN HAPPENING IN LOWER DIVISION

Lower Division has been learning about sound and everybody has made a musical instrument using junk materials. We have called ourselves the Junk Rock Band.

Instruments included guitars, shakers, tapping sticks, musical water bottles, drums and a trumpet. The children really enjoyed demonstrating and talking about what they used to make their instruments. They sound wonderful!

Meet Clive, he is our Elf On A Shelf .

We never know where he is going to be, each day he appears in a different spot in the school.

He likes to see us doing our best !

## LOOK WHAT'S BEEN HAPPENING IN UPPER DIVISION

### Surf Life Saving

Today at 9.00 am we had some special visitors, Andy and Angie from Surf Life Saving came to teach us about beach safety. They told us how to get out of rips and what to do if we are in trouble. They also gave us interesting facts about some marine animals like how the Octopi's blood is blue because it's high in copper. As a reward for answering questions we got ZINC (pink and blue) put on our faces. We had an awesome time and learned a lot.
